

DSE expands into the United Arab Emirates

Horsens, Denmark 27 - October 2008 - DSE A/S in Denmark is increasing its global market efforts by entering the UAE for airport solutions. DSE will therefore, together with the Swedish company DHF Airport Systems AB, be present at the upcoming Passenger Terminal Expo in Abu Dhabi, UAE in November 2008.

DSE has entered into a cooperation agreement with Bayanat Airports Engineering and Supplies in the United Arab Emirates in relation to airport solutions. Bayanat Airport Engineering & Supplies is the leading airport systems integrator in the Arabian Gulf region, specializing in ATC systems, Runway systems and Terminal Systems.

“They have unrivalled insight into the Airports in the region and work closely with the authorities”, explains Soren Justesen, General Manager at DSE A/S and continues. “As a supplier to civil and military airports worldwide, we can take great advantage of this superior insight and knowledge. Furthermore, with a local partner in the region, we will be able to offer local support as an extra feature or added benefit”.

Cooperation agreement with DHF Airport Systems AB

Recently DSE has started a cooperation together with the Swedish company DHD Airport Systems AB, specializing in intelligent software for centralized monitoring, fault detection and alarm analysis in critical airport systems such as air traffic control, airfield lighting, GSE, baggage handling power supply and building management.

“By entering a cooperation agreement with DHF Airport Systems, we can supplement each other as total systems suppliers of airport solutions in the Middle East and Europe”, says Soren Justesen.

“We look very much forward to cooperating with Bayanat Airports and DHF Airport Systems, who are both professional players in the airport solution markets. Together with Bayanat Airport, DSE and DHF can strengthen their positions in the Arabian Gulf Region, offering utmost and fully optimised airport solutions”, concludes Soren Justesen

-Ends-
